TESTIMONIALS

*"It's absolutely gorgeous.
Your voice is incredible...pure and angelic.
Thank you for your beautiful new version of my song, Clara".*
Eric Carmen (Composer of 'All By Myself')

"I have known Céline Dion since she signed with Sony Music over 32 years ago where I was Vice President of Business Affairs and was then honored to have worked with René Angélil in managing her career for many years. I have seen Céline sing "All By Myself" countless times and seen a number of very good singers perform that song but none of them with the vocal range, power and subtlety to match Céline. Until Now!!

Clara Helms uses her background as a Soprano and incredible range to deliver a powerful, passionate, recording of this song that will no doubt bring audiences to their feet when performed live.

Until then, sit back and enjoy Clara's truly outstanding recording. Bravo!!"
